

# Polaris General Front Square Tube Bumper

**Part Number: 693-6906-00**

## Safety:

- Ensure that the UTV is safely parked on level ground with the ignition off.
- Wear all appropriate PPE for the following procedures.

## Note:

- Leave all hardware loose until the entire assembly is in its final position.

## Assembly Components:

Ensure that you have all of these components before beginning the installation.

- 1 x Bumper
- 1 x Winch Plate
- 1 x Lower Skid Plate
- 1 x Upper Skid Plate
- 2 x Winch Plate Mounting Brackets (Left and Right)
- 1 x Hardware Kit

## Installation:

1. Remove factory bumper (if equipped) and retain the factory hardware for later use. If the machine is not equipped with a factory bumper, utilize the hardware provided in the hardware kit to complete the installation.

Figure 1: Factory Mounting Locations

2. Remove the hood and upper grill insert.

Figure 2: Hood Removed

Figure 3: Top Grille Removal

3. Attach the winch plate mounts to the machine using the factory bumper mounting holes using the factory hardware retained in step 1.

Figure 4: Winch Plate Mounting Brackets

4. Attach the winch plate to the winch bracket mounts.

Figure 5: Winch Plate Mounting Hardware

5. Attach the bottom skid plate to the lower mounting holes.

Figure 6: Lower Skid Plate Mounting Hardware

6. Attach the upper skid plate to the bottom skid plate.

Figure 7: Upper Skid Plate Mounting Hardware

7. Attach the face of the bumper to the skid plate and the winch plate. This will bring all of the parts of the bumper together.
